/C. J. Arbes/  
Primary Examiner, Art Unit 3729

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants' attorney indicated how the recitation ... while the 1st element moves in the predetermined direction, at a desired position moving the 2nd element relative to the 1st element in a direction opposite to the predetermined direction to cause the 2nd element to be stationary relative to the desired position... (in amended claim 1) can occur with what is disclosed in the originally filed Specification. Applicants' attorney opined that the specification adequately disclosed the invention and that the amended claims are clear and definite. The Examiner reserved judgement until further search and/or consideration
